

The background features a light blue gradient with white line-art illustrations of chemical structures, including benzene rings and various molecular chains, scattered across the page. A solid red vertical bar is on the left edge, and a red horizontal bar is at the bottom left containing the text 'Consumables'.

Consumables

ACO Marine

ACO Fat Burner

Cleaning of wastewater, systems in gastronomy and industry with lower pH value, content disposal of grease traps (EL) and biodegradation of wide spectrum of organic matter - Liquid complex of bacteria cultures for professional use. Suitable for wastewater treatment plant with membrane cleaning.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- Contains enzymes and naturally occurring non-pathogenic bacterial cultures
- Non-flammable, biodegradable, non-toxic and totally safe when used as directed
- Keep away from drinking water and foodstuff
- Store product in cool, dry place
- Wash hands after use

Product	Suitable for	Use	Article	Package
ACO Fat Burner	Maripur	Degreasing	ACOBG001	20 l

ACO Clear

Cleaning of wastewater systems in gastronomy and industry with lower pH value, content disposal of grease traps (EL) and biodegradation of wide spectrum of organic matter - Liquid complex of bacteria cultures for professional use.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- Contains enzymes and naturally occurring non-pathogenic bacterial cultures
- Non-flammable, biodegradable, non-toxic and totally safe when used as directed
- Keep away from drinking water and foodstuff
- Store product in cool, dry place
- Wash hands after use

Product	Suitable for	Use	Article	Package
ACO Clear	Grease Trap	Degreasing	49020	5 l
ACO Clear	Grease Trap	Degreasing	49022	20 l

ACO Clean

Bacterial liquid mixture for suppressing and preventing foaming in wastewater treatment plants. Also suitable for sewage treatment plants with membrane cleaning. Non-chemical based. Supports biological processes. For long-term treatment.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- Contains enzymes and naturally occurring non-pathogenic bacterial cultures
- Non-flammable, biodegradable, non-toxic and totally safe when used as directed
- Keep away from drinking water and foodstuff
- Store product in cool, dry place
- Wash hands after use

Product	Suitable for	Use	Article	Package
ACO Clean	Maripur	Antifoaming	MM002590	25 l

ACO Antifoam

Mixture of organic solvents and surfactants for preventing foaming in wastewater treatment plants. Agent is silicon and mineral oil free so it is suitable for sewage treatment plants with membrane cleaning.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- Repeated exposure may cause skin dryness or cracking.
- Spills produce extremely slippery surfaces.
- Keep away from drinking water and foodstuff
- Store product in cool, dry place
- Wash hands after use

Product	Suitable for	Use	Article	Package
ACO Antifoam	Maripur	Antifoaming	NM4931	25 l

ACO Hydropacks

Dry granular complex of bacterial cultures for professional use - contains hybrid bacterial cultures which have the ability to maintain activity of activated sludge in wastewater treatment plants. It is used for quick start of biological treatment in ACO Clarimar units or to support the growth and preservation of activated sludge in case of low organic load of ACO Clarimar and ACO Maripur units. Reduces BOD and COD levels and eliminates odors.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- Contains enzymes and naturally occurring non-pathogenic bacterial cultures
- Non-flammable, biodegradable, non-toxic and totally safe when used as directed
- Keep away from drinking water and foodstuff
- Store product in cool, dry place
- Wash hands after use

Product	Suitable for	Use	Article	Package
ACO Hydropacks	Maripur, Clarimar	Additional Biology	MM002517	10 bags 450 g each
ACO Hydropacks	Maripur, Clarimar	Additional Biology	MM002310	25 bags 450 g each

ACO Oxy Activ

Oxidizing / bleaching powder: cleaning and washing on ships for professional dishwashers, waste maintenance etc. / Removes dirt and stains of organic origin. For professional / industrial use as well as consumer sales. Without perfumery and polish agent.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- HMay intensify fire; oxidiser (Ox. Sol. 2;H272)
- Harmful if swallowed (Acute Tox. 4;H302)
- Causes serious eye damage (Eye Dam. 1;H318)
- P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
- P220 Keep away from clothing and other combustible materials.
- P280 Wear protective gloves/protective clothing/eye protection/face protection.
- P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P370+P378 In case of fire: Use water to extinguish.
- P401 Store in accordance with in a dry place at temperatures not exceeding 40 °C.
- EUH031 Contact with acids liberates toxic gas.

Product	Suitable for	Use	Article	Package
ACO Oxy Activ	Washing and cleaning	For laundry and dishwashers	MM002518	5 kg
ACO Oxy Activ	Washing and cleaning	For laundry and dishwashers	MM002519	20 kg

ACO Memcleaner Acidic

Liquid cleaning agent for descaling (pipes, porcelain, plastic, urinals, toilets, filters). Suitable for sewage treatment plants with membrane cleaning. Intended for sale to consumers as well as for professional/industrial use.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- Causes serious eye irritation (Eye Irrit. 2; H319)
- P102 Keep out of reach of children.
- P280 Wear eye protection.
- P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P337 + P313 If eye irritation persists: Get medical advice/ attention.

Product	Suitable for	Use	Article	Package
ACO Memcleaner Acidic	Maripur	Membrane Cleaning	MM000425	25 l

ACO Memcleaner Alkalic

Liquid cleaning agent for removing of organic deposits and proteins. Suitable for sewage treatment plants with membrane cleaning. Intended for sale to consumers as well as for professional/industrial use.

The recommended period of use is 6 months, when the active chlorine content is between 9% and 12%. After 6 months, the solution slowly ages and decreases in effectiveness. This does not mean that the solution cannot be used, but it is advisable to increase the dosage slightly. ACO Memcleaner Alkalic should be used within 12 months of the stated date of manufacture.

The quality of the solution is affected by storage conditions. Closed and open barrels should be stored cool to 20°C in a place free from sunlight.

Health & Safety:

- Causes serious eye irritation (Eye Irrit. 2; H319)
- P102 Keep out of reach of children.
- P280 Wear eye protection.
- P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P337 + P313 If eye irritation persists: Get medical advice/ attention.

Product	Suitable for	Use	Article	Package
ACO Memcleaner Alkalic	Maripur	Membrane Cleaning	MM000176	5 l
ACO Memcleaner Alkalic	Maripur	Membrane Cleaning	MM000471	10 l

ACO Stabil

Removal of residual chlorine, preservation of filtration membranes for long-term shutdown on cruise ships.

The maximum shelf life is 2 years from the date of manufacture on the label.

Product	Suitable for	Use	Article	Package
ACO Stabil	Maripur	Long-term Preservation of Membranes	MM005667	5 kg
ACO Stabil	Maripur	Long-term Preservation of Membranes	MM000814	25 kg

Health & Safety:

- Harmful if swallowed (Acute Tox. 4;H302)
- Causes serious eye damage (Eye Dam. 1;H318)
- P280 Wear suitable protective gloves, clothing, and eye/face protection.
- P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- P310 Immediately call a POISON CENTRE or a doctor.
- P501 Dispose of contents/container as hazardous waste.
- EUH031 Contact with acids liberates toxic gas.

ACO P Reducer

Chemical precipitation of phosphorus from the sewage water, disposal of floating fibrous sludge, improving the sedimentation properties of activated sludge.

The maximum shelf life is 2 years from the date of manufacture on the label.

6

Product	Suitable for	Use	Article	Package
ACO P Reducer	Maripur	Phosphorus Removal	MM001656	20 kg

Health & Safety:

- Waste water treatment for WWTP of river and sea transport
- May be corrosive to metals (Metal Corr.1;H290)
- Causes serious eye damage (Eye Dam.1;H318)
- P280 Wear protective gloves, protective clothing, goggles or face shield.
- P305+P351+P338 IF IN EYES: Rinse carefully with water for several minutes. Remove contact lenses, if present and if easy to remove. Continue rinsing.
- P310 Immediately call a toxicological information center or physician
- P406 Store in a corrosion-resistant packaging with a durable inner layer
- P501 Dispose of contents/container as hazardous waste.

ACO Flocculant

Emulsion to promote the formation of activated sludge flakes. It is used in dewatering units of surplus sludge. Suitable for sewage treatment plants with membrane cleaning. Intended for sale to consumers as well as for professional/industrial use.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- P280 Wear protective gloves/protective clothing/eye protection/face protection.
- P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes.
- Remove contact lenses, if present and easy to do. Continue rinsing.
- P302 Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008.
- P302+P352 IF ON SKIN: Wash with plenty of soap and water.

Product	Suitable for	Use	Article	Package
ACO Flocculant	Sludge-dewatering	Sludge Thickening	MM002520	25 kg

ACO Descalzym

Surface cleaning and descaling of toilets and sewage pipes. The combination of ingredients effectively dissolves limescale and urine scale while leaving surfaces clean and shiny. Contains bio-enzymes and a combination of high potency substances that are environmentally friendly.

The maximum shelf life is 2 years from the date of manufacture on the label.

Health & Safety:

- Liquid cleaning agent for descaling (pipes, porcelain, plastic, urinals, toilets, filters).
- Suitable for sewage treatment plants with membrane cleaning.
- Intended for sale to consumers as well as for professional/industrial use.
- Causes serious eye irritation.
- Wear eye protection, protective gloves.
- Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- If eye irritation persists: Get medical advice/attention.
- Dispose of contents/container as hazardous waste.
- Mixture of non-pathogenic microorganisms and nutrients.

Product	Suitable for	Use	Article	Package
ACO Descalzym	Toilets and pipes	Descaling	49021	5 l
